Faridabad, Haryana, India

Career Objective

Motivated Computer Science Engineering student with strong programming fundamentals in C, C++, Java, Python, and SQL. Seeking opportunities to enhance technical skills, gain real-world exposure, and contribute effectively to software development projects while continuously learning.

Education

- **Matriculation (Class X)**, Faridabad, Haryana — 2021
  Passed with 97.4%
- **Higher Secondary (Class XII)**, Faridabad, Haryana — 2023
  Passed with 92%
- **Chandigarh University**, Mohali, Punjab — 2024 – Present
  B.E.in CSE with 8.7 CGPA

Technical Skills

- **Programming Languages**: C, C++, Java, Python, SQL
- **Web Technologies**: HTML, CSS, JavaScript, Bootstrap
- **Tools**: VS Code, Power BI, Docker, GitHub, Canva, Excel
- **CS Fundamentals**: Problem Solving, OOP, Logical Thinking, Data Structures

Experience

Web Developer - Gregorius Studios : Collaborated with designers and AI teams to integrate front-end solutions with AI driven features. Improved website performance, accessibility, and cross-browser compatibility Built and optimized UI components using modern web technologies to improve performance and usability.

Projects

• **Programming Practice Projects (Team Lead):** Led a team to develop C and C++ programs such as calculators, pattern generators, and file-handling utilities. Tools: Code::Blocks, Dev-C++, GitHub.

• **Web Development Practice (Team Lead):** Led a team to create static websites using HTML, CSS, and JavaScript focusing on responsive design and UI. Tools: VS Code, GitHub Pages, Vercel.

• **PDF Convertor (https://sola-pdf-converter.vercel.app/)** : Built an all-in-one PDF conversion and editing web platform supporting multiple formats, compression, and file optimization with a responsive UI and Vercel.

Achievements

• **Inter School Quiz competition winner 2024:** Secured active participation and recognition in an Inter-School Quiz Competition, demonstrating strong general knowledge, quick thinking, and analytical skills.
• **Successfully Deploy Game (https://magic-tiles-xi.vercel.app/) :** Successfully developed and deployed a game using advanced technologies, ensuring smooth performance and an engaging user experience.
• **Zinnovatio 3.0:** Recipient, innovation and problem-solving competition (3rd Semester). Applied creative solutions to technical challenges.

Certifications

• **Python for Data Science:** https://coursera.org/verify/QEYJQNF6ZDS2
• **Generative AI Masterclass:** https://coursera.org/verify/1RQY385VP7O7

Co-Curricular Activities

• **Coding Competitions and Hackathons** : Actively participated in coding competitions and hackathons, enhancing problem-solving skills, teamwork, and real-world application of programming concepts.

Languages Known

- **English**: Professional proficiency in reading, writing, and communication; able to present ideas clearly in academic and technical contexts.
- **Hindi**: Native proficiency; fluent in speaking, reading, and writing, with strong cultural understanding.

Hobbies

- **Reading**: Enjoy reading books and articles to gain knowledge and stay informed about new ideas and trends.
- **Quizzing**: Active participant in national and inter-college quiz competitions; keen interest in general knowledge, current affairs, and logical reasoning.
